deadly weapon in DC, Law Enforcement WILL ARREST YOU. DC Police officially announced a firearm ban for Jan 4-7. It is however, your Constitutional Right. As in all things in life, "Do what you can afford." Be safe/smart. (i.maga.host)

209 This entire endeavor is about numbers. It is about the number of Patriots v. the number of Traitors. It is about the number of people who march with their guns v. the number of people afraid they will do so. 10,000 people in a block with weapons v. the entire DC police department; who will win? Everyone knows the answer to that question, especially those giving this unconstitutional DECREE.

We don't represent only the USA, we represent the entire world. We are the last defenders against the end of all the freedoms we have taken for granted our entire lives.

EVERYONE bring your guns!

LET THEM TRY AND TAKE THEM!

Live free or die.

▼ Unfortunately, too many patriotic police felt the same and are now gone. All that is left of the police in the largely Democrat cities are the scum you hope will get scraped off.

ANYONE who stands against those doing exactly what the Second Amendment was designed to do, protect against tyranny and corruption, has forfeited their right to live.

Its that simple.

17 I have a suspicion that the "Defund the Police" Movement, was simply to get the Right to run to the defense of all Police.

Its not the blue that we support - its law and order. That applies to the blue as well.

29 **We've got numbers.**

▼ The US population has 12 million men alone that are age 25-32. More than 47 million republican men that voted (in 2012, more now). There are 161 million men in total.

Visually it looks something like this:

The entire US Military:

X

US Age 25-32 Men (this is also ~3% of the US population for anyone comparing with another famous "protest.") :

XXXXXX XXXXXX

US Voting Republican Men:

XXXXXX XXXXXX XXXXXX XXXXXX XXXXXX

XXXXXX XXXXXX X

US Males:

XXXXXX XXXXXX XXXXXX XXXXXX XXXXXX

XXXXXX XXXXXX XXXXXX XXXXXX XXXXXX

YYYYYY YYYYYY YYYYYY YYYYYY YYYYYY

The numbers game is what we're best at. "Low" estimates put us at 10 million strong.

7 John Mark's vid? Yeah, spoiler alert, doesn't end well for the lefties. I disagree with his "peaceful separation" ideology though. I'm done compromising with the left. They can get lost, go to Canuckistan or Chy-nah. I want my USA back!

5 Yeah, even if we did manage a peaceful separation, the left is fundamentally incapable of leaving the rest of us the heck alone. They'd do their little CHAZ/CHOP/CUCK routine to get us to lower our guard, and then immediately attack. Remember these people can't even handle that you own a firearm, drive a truck, have faith, or believe differently than they do, without their permission.

19 If he speaks out too soon, the traitors will most certainly impeach him. They will bypass the Constitution, and bypass all previous laws set by Congress.

In a show of "historic bipartisanship," and within a short span of hours, they will impeach the duly elected President of this Republic.

He knows their grift and is playing this all out 100% by the book.

When all the cards have been played, if required, he will make the call.

26 No-one can really insist that their town or city or house is a place where the laws of the nation dont apply without being in a state of rebellion. Constitutional amendments arent ones you just pick and chose which to follow as you feel like on any given day.

If police post up flyers confessing and self-declaring to be traitors and criminals, let them die on that hill with those flyers constituting evidence. The rule of law has to return to the streets, not just with stolen elections but justice has to come down on traitor mayors and police as well.

7 Its the government equivalent of spouting sovereign citizen stuff.. should never have been allowed to get this far.

Any judge that swore an oath on the constitution and decides to order or allow it to be violated is no longer a judge, just some asshole who bluffed his way to a court to steal the office of an actual judge. And should be thrown in jail.

Same for police, same for mayors, same for governors. The constitution is the only thing giving these people any civil authority, so if they dont wanna abide by it, no authority. And good luck for your treason trials since you fuckers all broke your oaths of office.
